LIGHTING AUSTRALIA

product guide

**Lighting Australia represents some of the world's finest component manufacturers.**

We stock a wide range of quality, approved lighting components from lampholders, LED holders and luminaire parts, to starter sockets, switches, terminal blocks, cable accessories and much more. Our extensive range also includes high specification components for commercial, industrial and architectural luminaires, including lighting electronics, optical sheet and high reflectance aluminium.

This product guide is designed to introduce you to our range and should be used in conjunction with our website to help you find the best product to suit your needs. For details of the many individual products we supply within each category outlined on these pages, please visit www.lightingaustralia.com.au. On our website you'll find details of our full current range and other useful information, including detailed technical data and the latest product information.
