

# Gemini Junior LED Emergency floodlight

## LED emergency floodlight

**Combining flexibility and ease of installation, Gemini Junior represents exceptional value for money. This competitive beam projector is suitable for a wide variety of installations, with a choice of top or side mounting of the lamp heads, with multi directional swivel and tilt facility ensuring that exactly the right aiming angle is achieved.**

**Twin LED's provide peace of mind, covering individual lamp failure in addition to mains and charging status. When cost is paramount, Gemini Junior is an excellent choice for factory and high ceiling applications.**

- Non-maintained
- Exceptional performance  
3 hour duration self-contained emergency luminaire
- Can be used for high risk task area applications
- NiCd batteries for reduced weight and carry handle for ease of install
- 20mm knock out on both sides for cable entry
